ABOUT ME

I'm a skilled full stack web developer proficient in front-end and back-end technologies such as HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. I excel in crafting responsive web applications with a focus on user experience and innovation. Constantly learning and evolving, I thrive in collaborative environments where I can deliver high-quality, scalable solutions.

OBJECTIVE

Dynamic and motivated recent BSIT graduate seeking an entry-level position in the field of Information Technology. Eager to leverage academic knowledge and practical skills in software development, database management, and IT support to contribute to the success of a progressive organization.
